### **EXAMINER'S COMMENT**

The 2 replacement drawing sheets of 10/15/03 have been received and approved. Formal drawings without the "Replacement Sheet" heading will be required prior to issuance.

### **REASONS FOR ALLOWANCE**

Claims 7-16 are allowable over the prior art. The claims particularly define over relevant prior art drawn to Skelton (U.S. 5,092,481) because while Skelton teaches a thumb guard and a method for protecting tissues of the thumb or hand while holding a paint bucket having a bail, Skelton does not teach the limitation of end portions of the guard, proximal the relatively large open end, which are oriented relative to one another in an oppositely inclined relationship so as to present a double layer of the resilient material to protect the metacarpophalangeal joint of the thumb from undue stresses.
